Woody Pierson would like to put a permanent sign on an above ground table 5 repair septic system. This system has to be inspected yearly, and he is on-call for this system 24/7. A full inspection will be triggered for this system when the alarm goes off, or any "burp" in the system comes up. This particular system is considered "ongoing" construction. Woody will come and make a presentation at an upcoming Architectural meeting. Permanent signage like this would need to go before the board, per the Architectural committee. Woody will come to a January meeting. Date to be announced.

**Adjourn:**

Craig Masson made a motion to adjourn the meeting. Chris Hanson seconded the motion. Motion passed 4-0
