

## R.V. Committee Board Report for May 2012

This committee held a meeting on May 9<sup>th</sup> 2012

Sophia Platt, Carol Bruce, and David Olson, in attendance.

The R.V. Storage area required most of our attention. Starting with a letter to all, with electrical hook-up's; stating that the hook-up's are only 15 AMP service. Try not to overload; which will trip the breaker.

We have also asked D.P.R. to install risers and lids on our septic tank. As well as pour a cement pad around our dump station. We hope this will be complete, as soon as possible.

We have no new complaints, related to R.V.'s in the past two months.

Let's hope this trend continues.

Our next meeting is to be June 6th, 2012, at 9:A.M.

Chairman; David Olson
