

October 5, 2010 R.V. Committee Meeting:

The R.V. Storage area is in need of some repairs and upgrades. Of the seven light poles, in the area; one will need to be replaced, and the other six will have cement added to their base.

We would like to improve our R.V. Dump Station with a cement pad and curb to contain any spillage.

We feel this is inexpensive and very much needed.

We also would like to address the weed problem in the R.V. storage area. This might be the wrong time of year to spray for weeds; but would like to have it done as soon as we can.

Our Compliance Officer, Jim Meyers, has about 60 letters to send off to "out of compliance" R.V. owners.

Maybe, after the Clam dig, this will go down.

This meeting was attended by:

Sophia Platt

Debbie Richmond

Jim Meyers

John Williams

David Olson Chair

Next meeting will be Nov. 10, at 1:00 P.M.
