# MEET THE SURFSIDE 2009 BOARD CANDIDATES

**Valerie Harrison**

Lake cabana. Prior to moving and retiring to Surfside, I worked for the State of California for 27 years in the field of employment services. My areas of expertise have included: business management, leadership training skills, college instructor, administrative appeals and conflict resolution. If elected, as your write in candidate, I will continue to promote community involvement and the new positive changes and pride in Surfside that have begun over the last two years.

**(Valerie recently submitted her candidate application and therefore will not appear on the ballot. She must be written in, on your ballot, if you want to vote for her as a board member.)**

My husband, Alan, and I have been residents of Surfside for the last six years. During this time, I have been a member of and treasurer for the Long Beach, WA Merchant's Association and currently a board member of a non-profit organization here on the Peninsula. Eighteen months ago, Alan and I became members of the Community Relations Committee. I have seen what a community pulling together can accomplish. As a member of this committee, I have been Surfside's representative to the Ocean Park Chamber of Commerce, co-chairperson of the Surfside's New Member Welcoming Committee, co-chair of Game & Bunco Nights and have adopted and organized the plantings at the Seabreeze

**Martin Jenkins**

I have chosen to run for the board of Trustees for **a number of reasons, the most important of** which is I have disagreed with some of the decisions of the previous boards. I am a full-time resident of Surfside for the last five years. My 40 years of experience in retail management, operations management, merchandize management, corporate training, store management and general management, has given me the ability to listen to individuals and groups and not make snap decisions based on emotion or personal feelings. All of my work experience has provided experience to perform many management functions. The most important of these is the ability to communicate effectively with individuals, large groups and senior management. I have had to use patience, persuasion and most of all listen with an open mind and not second guess what is being said. I have been very successful in all of these functions. Special skills, abilities and experience that I

would bring to the job of Trustee are the following: Developed many annual budgets, all of which had to be balanced and show a profit for year end. I managed all of the business functions on a daily basis, including building operation costs, scheduling of associates, payroll, receiving of merchandise and general day to day business. As Corporate Trainer I had to develop the presentations and address large groups of associates. This was very challenging because you never knew what kind of questions would be thrown at you. The ability to think quickly and give honest answers was imperative. If I didn't know the answer I would say so and do the research and get back to the individual with the correct information. Integrity was key to success in this assignment. As General Manager I performed all of the daily business functions and in addition met with senior management to develop sales strategies and purchasing decision; the importance of making prudent decisions when purchasing merchandise cannot be overstressed. A bad buy of one or more products or product categories, can make a difference between a profit and a loss. I am pleased to say that I was in the win column when it came to purchasing. All of these management abilities would make me a good candidate for Trustee.

population we are serving. I am willing to step up to the plate and make sure that all Surfside property owners are treated fairly and with respect.

My husband and I have been residents for approximately seven years. We have watched the community grow and come of age and we are very proud to have been a part of it. I feel I could do a service for Surfside. I worked for Kaiser in Portland for over 15 years dealing with conflict, payroll, scheduling of over 250 employees on a daily basis. Following the rules of 5 different unions making sure that everyone was treated fairly and in a professional manner. I worked for Ocean Beach Hospital for 4 years in the billing office. During my position there I was diligent making sure that the patient voice was heard. I have lived and owned property in Surfside for over 30 years, and during those years I have seen good times and bad times. Our community needs to continue moving forward keeping in mind the concerns and needs of the

committee. I have the ability to listen and work well with others. This would make me a good candidate for the Board of Trustees.

Originally from Portland, I moved to the Peninsula 30 years ago and have been a member of Surfside ever since. I owned and operated a pizza parlor in Ocean Park for 7 years. I sold the business to help my husband and son in our construction business. I have extensive experience in managing a business, including payroll, accounts payable and receivable. I am knowledgeable in land development, septic systems and construction of various types. I perform all bookkeeping and payroll for our company. I prepare and file all state payroll forms and sales tax reports as well as the tax returns for the business. I am an active member of the Community Relations Committee, helping with various functions we are involved in. I am also active with Land and Buildings Committee where I have prepared plot plans showing the location of all septic systems and buildings on Surfside Common property. I have also been involved in several building inspections with the

economic downturn will likely affect Surfside in other ways: fewer homes being built, possible bankruptcies, and some properties going back on county rolls due to non-payment of taxes, if the downturn continues for an extended period. I'd like Surfside to be all that it can be in a time of many challenges.

First, I can say that I very much like living in Surfside. Generally, I am pleased with the manner that Surfside is run. The new bridges are a welcome addition. The water works and compactor area both appear to be well run. Yet, I think there is room for improvement. There is need for more and better communication between members and the Board and Surfside staff, as well as the several committees. There is a need for Surfside to be more responsible to member concerns, particularly at this point in time with the national economic downturn. Members who see their property taxes escalating at the same time their actual property values are likely to have gone into decline. Many of us are seeing our incomes decline as well. We need Surfside to be more proactive in dealing with the county. We also need to provide assistance to property owners as they deal with these issues. The

# GAME NIGHT PLANNED...

...we hope to see you on June 27, 2009 at 6:30 – 9:00 pm at the Surfside Community Room.

Remember to bring a snack to share, your own drinks and whatever games you would like to play. Mostly bring your **LAUGHTER** and that part of you that **LOVES TO HAVE FUN!!!**

We all  
really love  
our pets! Don't we?

But, not everyone loves what "they" (our beloved pets) leave behind!!!

Remember, Surfside covenants require that pet owners keep their dogs on a leash and also that people must clean up after their dogs as they walk around the community. Unfortunately, we have received some complaints about people not cleaning up dog droppings off of other member's property. Our Covenant Compliance Officer, Jim Meyers and the Grievance Committee requests that all dog owners, please be respectful of the other members of your community and also be respectful of the Surfside Homeowners' Association covenants. **THANK YOU!**
