

# Tree, Brush, Vegetation and Noxious Weed Committee Annual Report July 2017

## The Year in Review

- 32 Complaints Investigated (From 1/1 To 6/13/17)
- Proposed committee charter changes to provide more flexibility in dealing with noxious weed complaints. Board adopted March, 2017
- Provided member information sheets on noxious weed control and drought, fire and deer resistant plantings
- Created complaint process flow chart to aid staff, committee and member use in describing the complaint process
- Joined Community Relations and Emergency Management committees by supporting Earth Day activities, plant giveaways and volunteer plantings on Surfside property
- Provided member information on tree height and vegetation management to avoid complaints
