

R.V. Committee Minutes

Monday April 13, 2015

Member Present: David Olson, Carol Bruce and Patty Fisher

There were no new R.V. complaints to deal with which will change once summer arrives.

This committee would like to present to the board a change in the covenants that would eliminate the need for R.V. permits in Divisions 14 & 15; providing the insurance and license are current and that the R.V. can be moved with in a two (2) hour period. These two divisions are divided up into sections where R.V.' S are allowed and on the next street they are not. What is good for one Surfside homeowner should be good for the other and we need to make this fair for all; we need to consider this covenant change.

Chairman, R.V. Committee

David Olson
