

Tree Committee Meeting June 2013

Attendance: Laura Frazier, Gil Gonzales, Lee Hill, Valerie Harrison, Larry Raymer.

Absent: Bill Johnson, GV Williamson

I must apologize for taking so long to get these minutes out.

We discussed noxious weeds and the number of lots that have noxious weeds here in surfside. We also discussed that the county was not going to provide much help for Surfside because of the scope of the problem throughout the county.

The next topic was tree height and non-compliant lots. I said that I would call and talk with the owners to see what kind of plan could be worked out.

The meeting was adjourned.
