

*TREE, BRUSH, NOXIOUS WEEDS COMMITTEE
COMMITTEE MINUTES ...MAY 10, 2013*

CALL TO ORDER 1:10 PM

PRESENT: Chairperson Larry Raymer, Valerie Harrison, Laura Frazier and Lee Hill.

Noxious weeds:

The Committee will be pro-active on enforcement of Gorse. Scotch Broom is also a noxious weed, but the County and State have no available funds to control this weed. The control of this weed will be the responsibility of the lot owners. Cutting it down and leaving lay will not solve the problem. You should contact the County and ask for their help. This contact information will be at the office.

Trees:

Laura Frazier presented the Committee with complaints to review. Reviewing these complaints indicated that many had been resolved and are now closed. One complaint had gone into the fine system and Gil reported that this had also been resolved. There remains some complaints that still need to be resolved and the Committee will be working on them.

Fire safety issues:

The Committee discussed fire hazards due to dry grass, dry brush and dry wood chips. The Committee requested that the Committee Chairperson write a letter to the Board concerning the chipping program. At the Committee request Larry Raymer is drafting a letter to the Board.

Adjourn: 2:20 PM
