

**Notice to Surfside members who are
ON LIFE SUPPORT,
USING DIALYSIS SYSTEMS,
SICK, ELDERLY, CHILDREN,
OR are especially vulnerable during a
WATER emergency...**

If any member of your family is especially vulnerable during a water emergency when water becomes unavailable or scarce due to shortage or contamination, PLEASE CALL 360-665-4171.

Surfside Homeowners Association will add your name and contact information to our Critical Care List.

In the event of a water emergency we will notify you by phone or email.

Please consider signing up with Pacific County's Emergency Notification System.

This system allows you to be notified of a LOCAL EMERGENCY via cell phone, email, and landline.

www.co.pacific.wa.us/pcema/Notification.htm

Please consider storing emergency water at your home. Local supplies may be very limited in an emergency. Sign up for the Critical Care List!

“It is recommended you purchase commercially bottled water, in order to prepare the safest and most reliable emergency water supply. Keep bottled water in its original container and do not open until you need to use it. Observe the expiration or “use by” date. Store in cool, dark place.”
