

Minutes for the Emergency Management Committee June 26, 2018

Members in Attendance: Jan Jenkins, Terri Daniels, Louise Purdin, Walt Platt, Al Franklin, Scott Winegar, John Williams,

Guests: John Purdin, Judy Franklin, DuWayne Mott, Robin Mott, April Garcia.

The meeting began promptly at 1 PM.

1. Scott Winegar made a presentation on the Katrina disaster. It was his experience as an Oregon National Guard member that occasioned his being in New Orleans with the relief effort.
2. We began solidifying our efforts for the 3rd Annual Tsunami Run/Walk to be held July 7 (Saturday) at 9 AM beginning at the Skating Lake cabana and going to the Assembly area on J between the golf course and the Surfside Inn.
3. We will at some time in the near future, perhaps near July 15, we can get started on the emergency cache shed. Scott Winegar needs to get his trailer, purchase the shed and haul it to the construction site. We will have to gather a work party to build the shed. I'm guessing that Scott will be the leader of this effort. Once the shed is constructed and painted, the Water Department needs to build the gate and fence for the shed. Once those tasks have been accomplished, we will be in a position to start accepting caches for the shed,
4. The July meeting will occur on Tuesday, July 31.
5. The meeting was adjourned at 3:10 PM.
