Election Committee Update

Under the direction of the Surfside HOA board, the Election committee was directed to; review the annual meeting and annual trustee elections of 2020 and 2021, evaluate current election practices and make recommendations to update the operations manual, provide clarification to language where needed, and streamline and simplify the trustee election process.

The committee began meetings in October 2022 and after regular meetings through January, developed a set of recommendations. A workshop was held with the board of trustees in February 2023. The workshop covered recommendations for the candidate application process and language changes to clarify, streamline and simplify the trustee election process. After reviewing the workshop notes, the committee submitted language changes and a revised timeline for the trustee candidate application process to the board for adoption during the February board meeting. The board approved the recommendations as presented.

Acknowledging the remaining language recommendations to clarify, streamline and improve the trustee election process needed a review by the policy and procedures committee, a recommendation was prepared for board approval. During the February board meeting, the board approved forwarding the final recommendations to the policies and procedures committee. The final recommendations have been submitted to the policy and procedures committee with an anticipated presentation for action during the May board meeting.

OREO Needs Your **HELP NOW!**

Shelter life can present challenges the longer a dog lives in this environment. It becomes harder for them to maintain their resilience, which can lead to shelter fatigue. Over time, behavior can deteriorate, making the dog less adoptable. Oreo is showing signs of shelter fatigue.

You can help Oreo by providing foster care

More about Oreo:

- Approx. 2 year old Border Collie/Akita mix (?)
- Medium sized (50 lbs of love)
- House & crate trained
- Loving & affectionate (does not have separation anxiety)
- Knows several commands: sit/stay, leave it, wait, go to bed
- Would do well in a household without cats or small children & may be dog selective
- See more on Oreo @ <https://beachpets.com/adopt/meet-dogs/>

Shelter provides Foster with:

- Food
- Medical care
- Other supplies as needed (e.g. blanket, bed, leash)
- On-going support during foster

Please contact SPCHS if you are interested in fostering Oreo:

- Complete a foster application @ <https://beachpets.com/long-beach-wa-shelter/foster/>

The Emergency Management Committee is looking for volunteers. The purpose of the EMC is to identify potential emergency management issues facing Surfside; assess their potential seriousness, frequency and likelihood; identify means for protecting Surfside lives and property from loss or damage; develop recommendations for Surfside members to protect their health and safety; identify measures Surfside can take to protect lives and property in the event of emergencies; work cooperatively with federal, state, and local emergency management agencies and resources; assess the effectiveness of emergency management at all levels; and make improvements.

Heat Safety

There is a Severe Weather Alert from Saturday, May 13th, 2pm through Monday, May 15th at 8pm.

Be safe by following the recommendations below:

- Never leave people or pets in a closed car on a warm day.
- If air conditioning is not available in your home go to a cooling center.
- Take cool showers or baths.
- Wear loose, lightweight, light-colored clothing.
- If you're outside, find shade. Wear a hat wide enough to protect your face.
- Drink plenty of fluids to stay hydrated.
- Avoid high-energy activities or work outdoors, during midday heat, if possible.
- Check on family members, seniors and neighbors.
- Watch for heat cramps, heat exhaustion and heat stroke.
- Consider pet safety. If they are outside, make sure they have plenty of cool water and access to comfortable shade. Asphalt and dark pavement can be very hot to your pet's feet.
- HEAT STROKE Signs:
- Extremely high body temperature (above 103 degrees F) taken orally
- Red, hot and dry skin with no sweat
- Rapid, strong pulse
- Dizziness, confusion or unconsciousness—

If you suspect heat stroke, call 9-1-1 or get the person to a hospital immediately. Cool down with whatever methods are available until medical help arrives. Do not give the person anything to drink.

A note from the compactor~

Vern is recommending that the clam guts not be put in the dumpsters but could be put to better use if everyone threw them back in the surf. These items can provide food for the natural wildlife.

Also, please do not save up your cardboard for a large run, just bring it as soon as you have it. When you save it, the dumpster fills up and then others can't use it. If you do have a large number of boxes (Truckload or Trailer Load) please let Vern know before you bring it so he can plan accordingly.

Compactor Recycling

To help with the confusion on recycling, the chart shows the number on the plastic item that is used to sort out recyclables.

The recyclable "triangle" on the bottom of the container has a number in it. If the number is 1, & 2, it can be recycled and disposed of properly. If it is any other number, it must be put in with your garbage and thrown into the compactor.

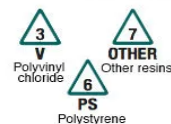

We hope this helps to clarify and speed up your time at the compactor.

YES, RECYCLE:

These codes can be found on soda bottles, water bottles, cleaning products, milk and juice jugs, shampoo bottles, some retail bags.

NO, THROW AWAY:

These codes can be found on plastic wraps, cooking oil containers, PVC containers, vinyl and styrofoam products.

MAYBE:

Since few recycling centers process these plastics, call the center and ask if they accept these plastics.

ARCHITECTURAL COMMITTEE

Plan on installing a fence, a shed, a gazebo or building a garage or a house?

REMINDER...

ALL building plans must be submitted to the Architectural Committee prior to any construction.

Pacific County will not approve permitting until the committee has signed off on all plans.

The committee meets every Tuesdays at 9 a.m. at the business office. The building packets are on our website at surfsideonline.org/forms/ or you can pick them up from the business office. Applications must be received by end of day on Thursdays to make the agenda for the following Tuesday's meeting.

Please notify the business office if you want to attend the meeting in person.

If you are building on a vacant lot without an address, please post a sign so the committee knows which lot will be developed.

Two (2) sets of plans must be submitted to the committee. Once approved, you will get a copy of the approved plan. Take it to the county for their approval as needed. Surfside will retain one set of approved plans to keep on file.

For more detailed information on the Architectural Committee duties and guidelines go to our website surfsideonline.org, select the Other tab, then Governing Documents. Download the Operations Manual and the Surfside Restrictive Covenants or call the business office 360-665-4171 with questions.

Thank you!
