Greetings from the Surfside Board of Trustees!

We are pleased to inform you about the upcoming 2023 Trustee Elections.

You can engage in the election process by attending the annual meeting on July 8, 2023 at 10 AM. If you are unable to attend, you can cast your vote by completing the 2023 Trustee Election Ballot – Proxy.

The 2023 Trustee Ballot will contain your name, address, and a list of the nominated trustee candidates for this year. Please vote for all five (5) open positions. The final voting results will be shared with the membership once all the votes have been tallied by the Designated Election Committee Chairperson (DECC).

To submit your completed 2023 Trustee Election Ballot – Proxy, kindly utilize the return envelope provided or return it to the locked box located at the Surfside Business Office. Please ensure your ballot reaches us no later than July 6, 2023.

## Drivers: Share the Road

- People on bicycles have the same rights and responsibilities as people behind the wheel of a vehicle.
- Yield to bicyclists as you would motorists and do not underestimate their speed. This will help avoid turning in front of a bicyclist traveling on the road or sidewalk, often at an intersection or driveway.
- In parking lots, at stop signs, when packing up, or when parking, search your surroundings for other vehicles, including bicycles.
- Drivers turning right on red should look to the right and behind to avoid hitting a bicyclist approaching from the right rear. Stop completely and look left-right-left and behind before turning right on red.
- Obey the speed limit, reduce speed for road conditions and drive defensively to avoid a crash with a cyclist.
- Give cyclists room. Do not pass too closely. Pass bicyclists as you would any other vehicle—when it's safe to move over into an adjacent lane.

### DRIVERS SHARE THE ROAD

For drivers, sharing the road begins with the understanding that bicyclists and motorcyclists have the same rights as you. They also face unique safety challenges, such as being smaller and less visible. Look for cyclists where vehicles do not appear, like before making a left-hand turn at an intersection. Also, be aware that motorcyclists may have to downshift and weave to avoid bumps and road hazards.

Pedestrians have rights on the road, too. Always slow down and be prepared to yield to pedestrians when they're in a crosswalk. Never pass vehicles stopped at a crosswalk, as there may be people crossing whom you can't see. And, be extra cautious when backing up across sidewalks or in parking lots.

### PREVENT A DEADLY CRASH

As more Americans choose to ride bikes and walk to stay healthy, and as an alternative to driving, pedestrian and cyclist deaths in motor-vehicle-related crashes have increased over the past decade.

**Bicyclists:** There were 966 bicyclists killed in collisions with vehicles in 2021.

**Pedestrians:** In 2021, 7,388 pedestrians died in traffic crashes, up from 6,565 in 2020.

**Motorcyclists:** The number of people killed on motorcycles in 2021 was 5,932.

Join us in helping to keep everyone safe on the road. Remember, no one – no driver, cyclist, or pedestrian – has sole rights to the road. It's a shared space where we all have rights and responsibilities.
