Rule changes to reduce the spread of chronic wasting disease

In March of 2025, WDFW Director Kelly Susewind approved new rules designed to limit the spread of [chronic wasting disease \(CWD\)](#) in Washington. Updates are below. For the latest information on CWD rules in Washington, visit [WDFW's CWD webpage](#).

Feeding - On March 24, 2025, WDFW's director approved a rule **prohibiting feeding deer**, elk, and moose in Washington, as feeding draws animals together where they can spread disease. The rule went into effect May 17, 2025.

ARCHITECTURAL COMMITTEE

Plan on installing a fence, a shed, a gazebo or building a garage or a house?

REMINDER...

ALL building plans must be submitted to the Architectural Committee prior to any construction.

Pacific County will not approve permitting until the committee has signed off on all plans.

The committee meets every Tuesdays at 9 a.m. at the business office. **The plans MUST be submitted by Friday at noon to be added to the next week's agenda.** The building packets are on our website at surfsideonline.org/forms/ or you can pick them up from the business office.

Please notify the business office if you want to attend the meeting in person.

If you are building on a vacant lot without an address, please post a sign so the committee knows which lot will be developed.

Two (2) sets of plot plans must be submitted to the committee. Once approved, you will get a copy of the approved plan. Take it to the county for their approval as needed. Surfside will retain one set of approved plans to keep on file.

For more detailed information on the Architectural Committee duties and guidelines go to our website surfsideonline.org, select the Other tab, then Governing Documents. Download the Operations Manual and the Surfside Restrictive Covenants or call the business office 360-665-4171 with questions.

Thank you!
