2026 Elections—Meet the Candidates

Candidate Statement—Tom Shannon

I believe in serving your community which is why I ran for the Board of Trustees in 2022. I have served as a Board of Trustee for the last 4 years and feel I have demonstrated a fair and unbiased approach to all board decisions and always “doing the right thing”. I support our covenants and other governing documents that help keep our beautiful community safe and protected and will continue to provide whatever support our neighbors and community need so we can all enjoy our wonderful neighborhoods.

TS — 4.29.26

Candidate Statement—Richard Dyer

Surfside is a wonderful place to live and vacation. We should do everything we can to protect the legacy of Surfside. I was appointed as a trustee since November 2022 and elected in 2023 to do that. I have represented all members of Surfside and listened to all sides of the issues and considered the impact on each member before I voted.

Surfside runs best when we balance customer service, water system reliability, and financial stability. I have served as the Treasurer and a member of the policy and procedure, budget and water systems planning committees. My professional career was in Energy and Water utilities. at Clark PUD.

For 2026, we need to update the bylaws, operating procedure and policy manuals to follow the revised laws for HOAs in Washington. We can expand member involvement through online board workshops.

I ask for your vote to continue serving you.

Richard Dyer
4.29.2026

Candidate Statement—Michael Chevalier

I pledge to support all members equally, ensuring a healthier, fairer future for everyone who calls Surfside home.

Improve Health of Our Seniors: I pledge to prioritize clean air and water by expanding our tree canopy proven to improve physical and mental health, especially for seniors.

Accountability for Board Actions: To promote a higher standard for board decisions and accountability with regard to the environment, expenditures, and drinking water. Promote a compassionate review of HOA fines by listening to members and allowing appeals, rather than default denials.

Promote Member-driven HOA Reform: I pledge to empower residents through listening transparency, electronic voting, fair elections, and open communication—ensuring our HOA is led by the community, not dictated by lawyers or dogmatic board members.

Eliminate Tree Height Restrictions: I pledge to grow and protect trees as natural infrastructure for climate protection and shaping a community surrounded by healthy, living nature, not concrete, stumps and dead trees.

■ *Michael Chevalier*

Candidate Statement—Steve Wallace

statement

I have spent the last year serving neighbors. My wife and I teach Ballroom dance biweekly, Mondays to the youth, Thursdays to the young at heart. I started the “New Year day Polar Dip “ in Our community and run it now. 2026 was third year, we gave over 50 participation tokens to swimmers both local and as far as South California.

Our Wallace clan entered our own float in the Ocean park 4th of July Parade. I started and continue the Free Monthly county Dump runs for Surfside members. This is “free to you” County dump run to dispose of items that are unacceptable to HOA compactor. There is a need for people who cannot afford to dispose broken stuff.

Summers we outfit, teach bodyboard groups up to 12 at a time on the Ocean. What I want for Surfside? “Community over Corporation” Lets put members first again

Steve Wallace

Candidate Statement—Chuck Ray

When we all first moved to Surfside, we had a vision of peace and serenity in a beautiful, natural setting away from the chaos and noise of Inland. I believe the Trustees are guardians of that vision. We have a system that works. It can be (and has been) modified when circumstances warrant. I want to be a part of protecting that vision, preparing as much as possible for future natural or man made disasters. That is why I am currently serving as co-chair of the Emergency Management Committee. I want to help guide and protect our common vision.

Candidate Statement—John Curran

ELECTION COMMITTEE UPDATE

SUMMARY OF 2026 FLOOR MOTION PROCESS

1. All floor motions are to be submitted on the 2026 Official Floor Motion Form. Members are encouraged to submit proposed floor motions in advance of the annual meeting to provide time to review for accuracy and compliance with Washington State law and HOA governing documents. This will give members an opportunity to restate their proposed motions before the annual meeting.
2. Members proposing floor motions are asked to provide specific, clear motion language on the Official Floor Motion Form. At the annual meeting, members will read aloud their floor motion statements. If seconded, the meeting chair will reread the written floor motion at the annual meeting to confirm the motion language.
3. The "FOR or AGAINST" Floor Motion Statement" form will be available at the annual meeting. Members who are present at the annual meeting may complete this form, indicating their position on a Floor Motion. At the annual meeting, members may read aloud their position statements.
4. Written For or Against statements will be submitted to the meeting chair at the annual meeting and will then be made available to the membership, posted on the HOA website and in print. For or Against Floor Motion Statement forms will be available only at the annual meeting.
5. Seconded motions made at the annual meeting will be reviewed for accuracy and compliance with Washington State law and HOA governing documents and may be deferred to the next membership meeting.
6. All motions that receive seconds will be submitted for legal review by Surfside legal counsel to determine valid motions. Official floor motion ballots will be mailed to members to vote on the valid motions. The results will be posted on the Surfside HOA web page, in the Weekender, and on the Surfside Members Only FaceBook page.

ARCHITECTURAL COMMITTEE

Plan on installing a fence, a shed, a gazebo or building a garage or a house?

REMINDER...

ALL building plans must be submitted to the Architectural Committee prior to any construction.

Pacific County will not approve permitting until the committee has signed off on all plans.

The committee meets every Tuesdays at 9 a.m. at the business office (if they have agenda items). **The plans MUST be submitted by Friday at NOON to be added to the next week's agenda.** The building packets are on our website at surfside-online.org/forms/ or you can pick them up from the business office.

Please notify the business office if you want to attend the meeting in person. If you have any questions for the committee and cannot attend in person, the office can also provide a Zoom link.

If you are building on a vacant lot without an address, please post a sign so the committee knows which lot will be developed.

Two (2) sets of plot plans must be submitted to the committee. Once approved, you will get a copy of the approved plan. Take it to the county for their approval as needed. Surfside will retain one set of approved plans to keep on file.
