WDFW announces 40 tentative days of coastal razor clam digging opportunities beginning Oct. 9

"The razor clam season is right around the corner, and we're excited to announce another fall schedule of harvest dates," said Bryce Blumenthal, a WDFW coastal shellfish biologist. "Long Beach and Twin Harbors populations remain strong and should allow for similar amounts of harvest to previous years."

All beach openings are dependent on final approval of marine toxin testing, which usually occurs about a week or less before the start of each digging series. Before a beach can open for digging, the Washington State Department of Health (DOH) requires two test samples seven to 10 days apart and domoic acid levels under the guideline level.

On all open beaches the daily limit is 15 clams per person. Each digger's clams must be kept in a separate container, and all diggers must keep the first 15 clams they dig, regardless of size or condition. "It's important that diggers keep the clams they dig to prevent wastage (includes discarding small clams, clam with broken shells or reburying unwanted clams)," Blumenthal said. "It's not unusual to encounter some small clams, especially this early in the season."

Tentative dates during late afternoon/evening (noon to midnight only) low tides:

- Oct. 9, Friday; 6:23 p.m.; 0.1 feet; Long Beach, Twin Harbors, Mocrocks

Press Release

OUTDOOR BURNING RESTRICTIONS IN PACIFIC COUNTY

Pacific County will be implementing burning restrictions (Burn Ban) **effective at 12:01 a.m. on Saturday, July 18th, 2026 until further notice.**

The burn ban applies to outdoor debris burning.

Recreational campfires are allowed if built in improved fire pits in designated campgrounds, such as those typically found in local, county, and state parks and in commercial campgrounds. On private land, recreational fires are permitted when built according to the following regulations:

- Recreational fires must be in a metal, stone, or masonry-lined fire pit such as those in improved campgrounds or available at home and garden stores.
- Size may not exceed 3 feet in diameter by 2 feet in height.
- Fires must be at least 25 feet from a structure or other combustible material and have at least 20 feet of clearance from overhead fuels such as tree limbs, patio covers or carports.
- Fires must be attended at all times by a responsible person at least 16 years old who has the ability and tools to extinguish the fire. Tools include a shovel and either five gallons of water or a connected and charged water hose.
- Portable outdoor fireplaces, also known as patio fireplaces, designed to burn solid wood should not be operated within 15 feet of a structure or combustible material and must always be used in accordance with the manufacturer's instructions.
- Completely extinguish recreational fires by covering them with water or moist soil and stirring with a shovel until all parts are cool to the touch.
- Self-contained camp stoves are a safe and easy alternative to campfires.

ARCHITECTURAL COMMITTEE

Plan on installing a fence, a shed, a gazebo or building a garage or a house?

REMINDER...

ALL building plans must be submitted to the Architectural Committee prior to any construction.

Pacific County will not approve permitting until the committee has signed off on all plans.

The committee meets every Tuesdays at 9 a.m. at the business office (if they have agenda items). **The plans MUST be submitted by Thursday at NOON to be added to the next week's agenda.** The building packets are on our website at surfsideonline.org/forms/ or you can pick them up from the business office.

Please notify the business office if you want to attend the meeting in person. If you have any questions for the committee and cannot attend in person, the office can also provide a Zoom link.

If you are building on a vacant lot without an address, please post a sign so the committee knows which lot will be developed.

Two (2) sets of plot plans must be submitted to the committee. Once approved, you will get a copy of the approved plan. Take it to the county for their approval as needed. Surfside will retain one set of approved plans to keep on file.

For more detailed information on the Architectural Committee duties and guidelines go to our website surfsideonline.org, select the Other tab, then Governing Documents. Download the Operations Manual and the Surfside Restrictive Covenants or call the business office 360-665-4171 with questions.

Thank you!
